II. Discussion

On October 17, 2022, the NRC received an application from PFWN requesting to amend their specific license to export German-origin radioactive waste from PFWN processing facilities to Eckert and Ziegler Nuclitech GmbH located in Germany. The application seeks authorization to export no greater than 800,000 kilograms (8.5 terabecquerels (TBq)) of treated low-level radioactive waste, originally received from Germany in the form of liquid, shredded and combustible material produced from research, medical, and other industries (excluding nuclear power plants). The material to be treated includes plastics, paper, wood, personal protective equipment, and glass, primarily contaminated with carbon-14, cesium-137, cobalt-60, nickel-63, radium-226 and strontium-90. The treated waste to be returned to Germany will consist of residual ash and residual metal or non-combustible material that cannot be recycled. The applicant requests an expiration date of September 1, 2026.

In accordance with section 110.70 paragraph (b) of title 10 of the *Code of*

Federal Regulations (10 CFR) the NRC is providing notice of the receipt of the application; providing the opportunity to submit written comments concerning the application; and providing the opportunity to request a hearing or petition for leave to intervene, for a period of 30 days after publication of this notice in the **Federal Register**.

A hearing request or petition for leave to intervene must include the information specified in 10 CFR 110.82(b). Any request for hearing or petition for leave to intervene shall be served by the requestor or petitioner in accordance with 10 CFR 110.89(a), either by delivery, by mail, or filed with the NRC electronically in accordance

with the NRC's E-Filing rule (72 FR 49139; August 28, 2007, as amended at 77 FR 46562; August 3, 2012). Detailed guidance on making electronic submissions may be found in the Guidance for Electronic Submissions to the NRC and on the NRC website at <https://www.nrc.gov/site-help/e-submittals.html>.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of the Secretary by email at Hearing.Docket@nrc.gov, or by telephone at 301-415-1677, to (1) request a digital identification (ID) certificate, which allows the participant

(or its counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or its counsel or representative, already holds an NRC-issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the hearing in this proceeding if the Secretary has not already established an electronic docket.
